## AUTHORIZATION(S):

BREEDING AUTHORIZATIONS

May import, export, transport, possess, breed and sell only those species approved by Department for breeding, as listed in the permittee condition, but only if the Department determines that the breeding will not result in risk to animal welfare, wildlife populations, livestock and poultry health, public health and safety; and there is a legitimate scientific, conservation, exhibition, or educational certified use.

RESIDENT EXHIBITING AUTHORIZATIONS

May import, export, transport, and possess only those species listed on the attached Department approved permit inventory for commercial and/or educational exhibition purposes.

## LOCATION(S) OF ANIMALS:

38257 E KINGS CANYON RD, DUNLAP, CA 93621

## CONDITION(S):

BREEDING CONDITIONS

1. The permittee is required to follow all of the applicable requirements listed in §671, Title 14, of the California Code of Regulations (CCR).
2. The permittee may add new species to the inventory only with prior written approval of the Department or as specified on the permit.
3. The permittee is responsible for renewing this permit prior to its expiration or providing notification to the Department upon transfer of animals which require renewing the permit.
4. Animals authorized by this permit shall not be transferred to persons within California unless that person has a restricted species permit authorizing that animal or species possession.
5. This permit or a copy must be in the possession of any person in possession of animals and must be immediately presented on demand by any enforcement officer.
6. This permit is not transferable.
7. Pursuant to §671.1(a)(8), Title 14, of the CCR, restricted species imported into California under the authority of this permit must be accompanied by a current health certificate issued by a USDA accredited veterinarian stating that the veterinarian has examined the animal and has found that they are not exhibiting any signs or symptoms of any infectious or contagious disease. A copy of the health certificate shall be submitted to the Department within 10 business days of issuance. Health certificate may be submitted via fax at (916) 419-7586 or e-mail at spu@dfg.ca.gov.
8. Pursuant to §671.1(b), Title 14, of the CCR the original permit and any subsequent amendment are subject to changes if the Department determines that an amendment is necessary to protect native wildlife, agriculture interests, an animal's welfare, and/or human health and safety.
9. Pursuant to §671.1(c)(2)(D), Title 14, of the CCR, a permittee shall have on file with the Department at all times copies of their current USDA license and most recent USDA inspection report/form if the license is required by USDA.
10. Pursuant to §671.1(c)(2)(I), Title 14, of the CCR, a permittee shall have on file with the Department at all times copies of all current USFWS permits if a permit is required by USFWS.
11. Pursuant to §671.1(c)(2)(N), Title 14, of the CCR, requires permittee to provide written notice, to the Department at least 10 business days prior to receipt or transfer of an animal within or out of the state and within 10 business days after the death of an animal. The notice shall include the common name, scientific name, sex, and age of the animal, the date of the acquisition, transfer or death. The notice shall also contain the unique identification method for animals to be acquired or the unique identifier for animals being transferred or reported deceased and the name and address of where the animal is being acquired from or transferred to within or outside of the state if applicable. Notice may be submitted via fax at (916) 419-7586 or e-mail at spu@dfg.ca.gov.

DISCLAIMER: THIS PERMIT DOES NOT SUPERSEDE APPLICABLE LAWS OF ANY OTHER LOCAL, STATE, OR FEDERAL AGENCY.

12. Pursuant to §671.1(c)(5), Title 14, of the CCR, the Department may revoke this permit at any time.
13. Pursuant to §671.1(c)(2)(K), Title 14, of the CCR, every permittee is required to have on file with the Department on or before December 31, 2011 documentation of an animal's unique identification if the restricted species requires unique identification.
14. Pursuant to §671.1(c)(2)(F), Title 14, of the CCR, the permittee must have on file with the Department a Breeding Plan for the animals authorized for breeding. The use of these animals must be consistent with the Breeding Plan.

**RESIDENT EXHIBITING CONDITIONS**

1. The permittee is required to follow all of the applicable requirements listed in §671, Title 14, of the California Code of Regulations (CCR).
2. The permittee may add new species to the inventory only with prior written approval of the Department or as specified on the permit.
3. The permittee is responsible for renewing this permit prior to its expiration or providing notification to the Department upon transfer of animals which require renewing the permit.
4. Animals authorized by this permit shall not be transferred to persons within California unless that person has a restricted species permit authorizing that animal or species possession.
5. This permit or a copy must be in the possession of any person in possession of animals and must be immediately presented on demand by any enforcement officer.
6. This permit is not transferable.
7. Breeding is not authorized unless specified in the permit authorizations.
8. Pursuant to §671.1(a)(8), Title 14, of the CCR, restricted species imported into California under the authority of this permit must be accompanied by a current health certificate issued by a USDA accredited veterinarian stating that the veterinarian has examined the animal and has found that they are not exhibiting any signs or symptoms of any infectious or contagious disease. A copy of the health certificate shall be submitted to the Department within 10 business days of issuance. Health certificate may be submitted via fax at (916) 419-7586 or e-mail at spu@dfg.ca.gov.
9. Pursuant to §671.1(b), Title 14, of the CCR the original permit and any subsequent amendment are subject to changes if the Department determines that an amendment is necessary to protect native wildlife, agriculture interests, an animal's welfare, and/or human health and safety.
10. Pursuant to §671.1(c)(2)(D), Title 14, of the CCR, a permittee shall have on file with the Department at all times copies of their current USDA license and most recent USDA inspection report/form if the license is required by USDA.
11. Pursuant to §671.1(c)(2)(I), Title 14, of the CCR, a permittee shall have on file with the Department at all times copies of all current USFWS permits if a permit is required by USFWS.
12. Pursuant to §671.1(c)(2)(N), Title 14, of the CCR, requires permittee to provide written notice, to the Department at least 10 business days prior to receipt or transfer of an animal within or out of the state and within 10 business days after the death of an animal. The notice shall include the common name, scientific name, sex, and age of the animal, the date of the acquisition, transfer or death. The notice shall also contain the unique identification method for animals to be acquired or the unique identifier for animals being transferred or reported deceased and the name and address of where the animal is being acquired from or transferred to within or outside of the state if applicable. Research and AZA permittees shall provide notice only for the animals designated as detrimental and for which a permit is required. Notice may be submitted via fax at (916) 419-7586 or e-mail at spu@dfg.ca.gov.
13. Pursuant to §671.1(c)(5), Title 14, of the CCR, the Department may revoke this permit at any time.
14. Pursuant to §671.1(c)(2)(K), Title 14, of the CCR, every permittee is required to have on file with the Department on or before December 31, 2011 documentation of an animal's unique identification if the restricted species requires unique identification.

Instructions: Listed below are the animals you are currently authorized to possess. REVIEW AND EDIT: make any necessary changes (i.e. deaths, number of animal(s), age of animal(s) acquisitions, transfers, etc.) by crossing out and writing in changes, prior to submitting your renewal application. UNIQUE IDENTIFIERS AND METHOD (required on or before December 31, 2011 - see Section 671.1(c)(2)(K), Title 14, of the CCR): Specify the number, letter or any combination thereof in the Unique ID field and use the following to denote identifying method in the ID Method field for required species: M=Microchip; T=Tattoo; or A=Alternative Method. The Department may approve an alternative method if the permittee provides written verification from a veterinarian accredited by the USDA explaining why it would be detrimental to the health of an animal to microchip or tattoo the animal and what alternative method of unique identification would be suitable. FACILITY IDENTIFICATION: Required for permittees whose permit conditions specify animal identification required other than those species specifically requiring animal identification. This identification may include but is not limited to the animals given name (i.e. Sally, Duke), intake ID, studbook ID, band number, or government or institution (i.e. AZA, USFWS) ID. AQUACULTURE AND FISH PERMITTEES: Identify the actual number in the No. field and identify either W=Weight; V=Volume; or C=Count in the Method field. IMPORTATION ONLY SECTION: Remember to complete this section of your renewal application for all animals being imported into California. ANIMAL CARE AND, NATIVE SPECIES EXHIBITING AND OTHER DESIGNATED PERMITTEES (see permit conditions): You are not authorized to obtain any new species or new animals without prior written approval from the Department.

List below all new species you \*intend to acquire within the next 12 months in the same format listed above. You must also provide all of the additional application requirements for each species as specified and applicable in subsections 671.1(c)(2)(C)-(N). You are not required to build caging prior to receiving approval for animals to be acquired. If you are uncertain if you meet the qualifications for approval of a species, you can submit all of the application requirements and ask for preapproval. Once approved, you will be required to build new caging meeting the minimum standard for the new species and/or additional animals and have it inspected and approved as meeting the required standard before a permit amendment can be issued.
